

Let's make Gak!

Discover what an octopus feels like

What you'll need:

- 2 bowls
- Measuring spoon
- Liquid glue
- Mixing utensil (chopstick, popsicle stick, spoon)
- Dropper or small spoon
- Optional: food coloring
- Measuring cup
- Warm water
- Borax
- Sandwich baggie

How to make "gak":

1. In a bowl, combine $\frac{1}{2}$ cup of warm water with $\frac{1}{2}$ cup of liquid glue. Mix!
 1. In a different bowl, combine $\frac{1}{2}$ cup warm water with $\frac{1}{2}$ teaspoon of borax
 1. Add the borax water to the glue water one drop at a time with dropper or small spoon (it won't take much!). Mix until desired thickness and texture is reached
 - a. The ideal thickness is slimy and gooey, but not sticky
- *Optional: Add a drop or two of food coloring!
1. Explore what an octopus feels like!
 1. To store, place in sandwich baggie.
